New Delhi (India), June 14: In a historic move, SingHealth, renowned as one of Singapore's leading healthcare groups, has entered into a strategic collaboration with Sharda Care - The Healthcity (A unit of Sharda University, Sharda Hospital), an upcoming 100+ bedded super specialty hospital in Greater Noida, Uttar Pradesh. This collaboration, formalized through the signing of a Memorandum of Understanding (MoU), marked the beginning of a new age of innovation and excellence in healthcare delivery.

The MoU was formally signed in the presence of R.K. Gupta, Chancellor, Sharda University & Chairman, Sharda Hospital and Sharda Care - The Healthcity, Y.K. Gupta, Pro-Chancellor, Sharda University & Vice Chairman - Sharda Care - The Healthcity and Sharda Hospital, Rajesh Gupta, Vice President, Sharda Hospital & Sharda Care - The Healthcity, Sunil Setya Kapur, Chief Executive Officer, Sharda Care - The Healthcity & Sharda Hospital, Prof. Tan Wang Khean, Group Director, International Collaboration Office, SingHealth, Singapore, Prof. V. Anantharaman, Emerita Consultant, Dept of Emergency Medicine, SingHealth, Singapore and Yogya Iyer, Director International Collaboration Office, SingHealth, Singapore.

Expressing his enthusiasm for the partnership, Rajesh Gupta, Vice President of Sharda Hospital & Sharda Care - The Healthcity, remarked, "This collaborative endeavour with SingHealth fills us with immense excitement. By synergizing our complementary areas of expertise, we can tackle prevailing healthcare challenges head-on and raise the bar for quality care delivery within our communities."

Spelling on the occasion, Prof. Tan Wang Khean, Group Director, International Collaboration Office, SingHealth expressed enthusiasm about the collaboration, stating, "This partnership represents a significant milestone in our shared commitment to advancing healthcare excellence. By combining our strengths and resources, we can drive
